# Kellfri

Farming made easy.

As a market leader with 50 years experience, we are familiar with all aspects of products used in agriculture, forestry, hunting, and animal husbandry. We are keen to offer you a well-rounded service and your opinion is important to us. Despite – or perhaps because of – all the years in the business, we understand that our customers' know-how, in its totality, exceeds ours. New products meeting new requirements, continuous improvement of products, making them even more efficient and easier to maintain and making sure our customer service is always available - we continuously strive to understand our customers, taking their ideas to heart and always delivering good value for money.

## SCANDINAVIAN DESIGN

Our products are designed and developed by skilled and experienced Scandinavian engineers, following Scandinavian norms and practices. Kellfri products are CE marked and produced by selected manufacturers according to our requirements. Design for value – no more no less – means that we can offer you efficient and well-developed quality products at very affordable prices!

NOTE! Electrical systems differ country to country. Our Products meet Swedish standards and may need to be adapted to your country's system. This may also apply to rules regarding registration and certification of trailers, which also vary country to country.

## ATV FLAIL MOWER WITH FLAP, 1.2 M, BRIGGS AND STRATTON

- 13,5 hp Briggs and Stratton engine
- Working width 120 cm
- Fit wheels for stability and compliance at the sides or for maximum accessibility at the back
- Skids at the sides for stable, smooth operation
- Mudguard at the front to reduce the risk of stone chipping

Fitted with a flap at the back, which releases the grass to avoid excessive accumulation under the hood. In this way you save on fuel and reduce wear on the belts. You can also operate at a higher speed than an ATV flail mower without a flap. The grass is also spread more evenly. Deals with tougher vegetation where there may be ground obstacles such as stones, tussocks and roots. Many of our customers use it for topping pastures, parks and roadsides

SKU 35-VKMATV120H.B
